The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

HEARING ON ANNUAL SOLID WASTE GENERATION SERVICE CHARGE REPORT ALL SUPERVISORIAL DISTRICTS 3 VOTES

IT IS RECOMMENDED THAT YOUR BOARD AFTER THE PUBLIC HEARING:

1. Find that adoption of the enclosed report to provide for the continued collection of the existing Annual Solid Waste Generation Service Charge on the tax roll is for the purpose of meeting operating expenses and, therefore, is exempt from the California Environmental Quality Act pursuant to Section 21080(b)8 of the California Public Resources Code.
2. Adopt the Annual Solid Waste Generation Service Charge Report for Fiscal Year 2005-06 if there is no majority protest to the report.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Adoption of the enclosed report provides that the current Solid Waste Generation Service Charge will continue to be collected on the tax roll in Fiscal Year 2005-06. Revenues generated are used to fund the services furnished by the County in connection with the preparation, adoption, and administration of the Los Angeles County Hazardous Waste Element and the preparation, adoption, and implementation of the Los Angeles County Source Reduction and Recycling Element of the Countywide Integrated Waste Management Plan.

The Honorable Board of Supervisors
May 12, 2005
Page 2

The provision of these services by the County is required by Section 40000 et seq., of the California Public Resources Code which also provides penalties up to \$10,000 per day for failure to comply. Therefore, it is essential for the County to continue to provide these services as required by State law.

The collection of the Solid Waste Generation Service Charge on the tax roll remains the most cost-effective mechanism in the billing and accounting of these charges.

Implementation of Strategic Plan

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility as the Solid Waste Generation Service Charge provides necessary and sufficient funds to continue the County's compliance efforts with respect to State law mandating waste reduction planning and implementation for the unincorporated County areas.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

In September 1991, your Board adopted an Ordinance establishing the Solid Waste Generation Service Charge as authorized by California Public Resources Code Sections 41901 and 41902.

Currently, each parcel of real property within the County unincorporated area is assessed an annual service charge based on the number of Solid Waste Generation units. The number of Solid Waste Generation units assigned to each parcel of real property is based on the current land use of the parcel as shown in Section 20.89.070 of the County Code. The number of units per parcel varies from zero for a vacant parcel to 50 units for uses such as auditoriums, amusement facilities, and race tracks. A parcel containing a single-family residential unit has been assigned one Solid Waste Generation unit.

The current annual service charge of \$3.51 per Solid Waste Generation unit will remain the same for Fiscal Year 2005-06.

Pursuant to Section 5473 of the California Health and Safety Code, a report entitled Annual Solid Waste Generation Service Charge Report, Fiscal Year 2005-06 (Enclosure A) has been prepared and filed with the Executive Officer-Clerk of the Board of Supervisors. Section 5473 also provides that any adopted ordinance authorizing the collection of Solid Waste Generation Service Charges on the tax roll shall remain in

effect until repealed or until changes have been made in the rates. The report contains a description of each parcel receiving such services and the amount of the charge for each parcel for the year, computed in conformity with the charges prescribed by ordinance.

Section 5473.1 of the California Health and Safety Code requires that notice of the filing of the Solid Waste Generation Service Charge Report and of a time and place of hearing thereon be published once a week for two successive weeks in a newspaper of general circulation pursuant to Section 6066 of the California Government Code (Enclosure B).

At the hearing, your Board shall hear and consider all protests to the report. If the Board finds that protests to the report are made by the owners of a majority of parcels described in the report, the report shall not be adopted and the service charges shall be collected separately from the tax roll.

IMPACT ON CURRENT SERVICES

The collection of service charges on the tax roll will provide funds necessary for the County to comply with the State waste reduction mandates and avoid imposition of penalties by the State.

ENVIRONMENTAL DOCUMENTATION

Adoption of the enclosed report to provide for the collection of the existing Annual Solid Waste Generation Service Charge on the tax roll is for the purpose of meeting operating expenses and, therefore, is exempt from the California Environmental Quality Act pursuant to Section 21080(b)8 of the California Public Resources Code.

REFERENTE AL REPORTE ANUAL DE RECOLECCIÓN DEL COSTO DE SERVICIO
DE DESECHOS SÓLIDOS PRODUCIDOS
PARA EL AÑO FISCAL 2005-2006**

Por este aviso se anuncia que un Reporte preparado por el Director de Obras Públicas se ha registrado con el Escribano de la Junta de Supervisores del Condado de Los Angeles para proveer la continuación de la colección actual de las Tarifas Anuales sobre la Generación de Desechos Sólidos en los impuestos del Año Fiscal 2005-2006. El Reporte contiene una descripción de cada predio que recibe estos servicios y la cantidad de las Tarifas Anuales actuales de cada predio. No habrá cambio en las Tarifas sobre la Generación de Desechos Sólidos.

Actualmente, se impone a cada lote de bienes y raíces dentro del área no incorporada del condado un impuesto de costo anuario de servicio establecido sobre el número de unidades de generación de desechos sólidos asignados a ese predio. El número de unidades de desechos es una función del uso actual de terreno del predio y varía de cantidad de cero (0) para un lote vacío hasta 50 unidades para un auditorio, centro de diversión, y pista de carrera. La cuota anual de servicio por "unidad de generación de desechos sólidos" es actualmente \$3.51 y permanecerá sin cambio para el Año Fiscal 2005-2006. Establecido sobre esta formula, el costo anuario para una residencia de una familia es \$3.51. Ingresos recaudados son utilizados para implementar programas requeridos para cumplir con leyes Estatales de reciclaje y reducción de desechos.

**COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
ANNUAL SOLID WASTE GENERATION SERVICE CHARGE REPORT
FISCAL YEAR 2005-06
PAGE 1 OF 2**

INTRODUCTION

The California Health and Safety Code, Section 5470, et seq., requires that if existing Solid Waste Generation Service Charges are to continue to be collected on the tax roll, a report shall be prepared each year and filed with the Clerk of the Board of Supervisors of the County of Los Angeles. The Clerk shall file a copy of the report with the Auditor-Controller on or before August 10 of each year with a statement that the report has been finally adopted by the Board of Supervisors, and the Auditor-Controller shall enter the amounts of the charges against the respective parcels of land as they appear on the current assessment roll. This report has been prepared to fulfill said requirements.

In 1989, the State of California passed Assembly Bill 939 (AB 939), known as the California Integrated Waste Management Act of 1989. AB 939, as amended, mandates all cities and counties in the State to prepare a series of documents detailing programs each would implement to reduce the amount of material sent to landfills and/or transformation facilities. AB 939 also allows the State to assess penalties up to \$10,000 per day on jurisdictions that do not comply with AB 939's mandates.

SOLID WASTE GENERATION SERVICE CHARGE

In 1991, as a result of the enactment of AB 939, the Board of Supervisors adopted Los Angeles County Ordinance No. 91-0119 implementing the Solid Waste Generation Service Charge. This service charge provides funds for the preparation, adoption, and implementation of the Los Angeles County Source Reduction and Recycling Element and the preparation, adoption, and administration of the Los Angeles County Household Hazardous Waste Element of the County Integrated Waste Management Plan, including State reporting and data gathering and the implementation of the Source Reduction and Recycling Element programs such as backyard composting, curbside recycling, and public education.

The Solid Waste Generation Service Charge Ordinance is codified in the Los Angeles County Code, Title 20, Division 4, Chapter 20.89 (Attachment I). The annual charge levied on each parcel of real property in the unincorporated County area is computed by multiplying the amount of the Solid Waste Generation Service Charge (currently \$3.51) by the number of Solid Waste Generation units for the current land use as shown in Table A, Section 20.89.070, of the County Code.

The current annual charge of \$3.51 per Solid Waste Generation unit will remain the same for Fiscal Year 2005-06.
